

SEONG'S

Martial Arts

ACADEMY

ALWAYS ACHIEVING EXCELLENCE!

This winter at Seong's. . .

Due to time constraints this past couple of months I have opted to combine December and January into one winter issue of Tiger Talk.

First off I would like to thank everyone who came out to the parade and party in December to show their support to celebrate with us. I am proud to announce that we won first place in our division in the parade and we could not have done so without your support and dedication!

Thank you to all of our wonderful parents who brought

dishes to share at the holiday party. Thank you especially to the Pellegreen family who shared their musical talents with us, providing accompaniment for our Christmas carol sing along!

If anyone has pictures or videos from the parade and/or holiday party, I would like to upload them to our website. If you have any pictures or videos that you would like to share please email them to me at:

"Treat each other the way YOU want to be treated and do what you know is right."

- Megan

Q: *So, are you from the Fredericksburg area originally?*

A: No, I am originally from Fairfax, VA.

Q: *How long have you lived here?*

A: I moved to Fredericksburg during my tenth grade in high school. I've lived here for thirteen years.

Q: *How long have you worked at Seong's?*

A: I've worked here for a little over a year.

Q: *What made you want to work here with us?*

A: My son is a student here and I wanted to spend more time with him. I love working with children.

Q: *What prior experience do you have working with kids?*

A: I grew up with my Mom having her own in-home daycare. I changed my first diaper when I was four because my Mom had a broken arm. I also taught three-year-olds at Learn-N-Play until they went out of business. I have additionally worked with autistic children for Stafford County public schools for three years as a behavior support assistant.

Q: *What inspired you to want to work with kids in the first place?*

A: My Mom was my inspiration, both in the way that she raised me and in

the fact that I have a big family with lots of sisters and a brother.

Q: *What is one thing people might be surprised to learn about you?*

A: I was a cheerleader all through high school.

Q: *If you could give one piece of advice to the children in your care, what would that be?*

A: Treat each other the way YOU want to be treated and do what you know is right.

Q: *What is one thing that you have learned about yourself and/or life from working with kids?*

A: Patience, and to pick my battles and laugh at the small stuff.
